# Some principles to consider prior to Creating and promoting a virtual careers event.

## 1. Leadership and IT Network Endorsement and Support!

*What other technical needs might there be? Pre-Recorded events etc. etc.*

## 2. Choose your theme/topics to event

*We will populate all relevant national content, and on your advice complement further with local and regional information. (approx. 3 weeks)*

## 3. Decide whether whole school / college or specific year group(s)

*Is it a one-off/annual event, or supporting an existing offer? Who's it aimed at, are Parent/Carers encouraged to attend?*

## 4. Now, we can get creative 😊

# Pick a theme and decide who it's for ...
